STUDENT COUNCIL

The Student Council at Fisher composes of newly elected officers and representatives each year, the previous years' officers, the dorm presidents, the home resident president, and Miss Macdonald, as our counselor, along with the junior and senior class advisers.

The purpose of this organization is to assist the administration in helping to improve the school life of the students by discussing the suggestions made and attempting to solve the problems of everyone.

Regular meetings are held at least once a month where each member can feel free to express any type of problem in reference to school affairs and the board acts upon them.

Excellent experience is gained as considerable responsibility is given to each member throughout the year.

MEMORIES

It really was two years ago
That Fisher School we entered;
But it seems to each such a very
 short time
That here our learning's centered.

We struggled along with typing and lit,
Till the faculty finally took pity;
We had a terrific Hallowe'en dance,
Not without a witch and black kitty.

In typing our speed was increasing,
And, happily, errors were fewer;
Our reward was a Christmas vacation,
When faith in old Santa grew truer.

We weathered the hazards of winter,
And managed each morning to get here;
We invited our beaux to a Valentine
 Dance,
Our first formal of the new year.

Our social graces were tested
By a mother or female relation;
The cookery specialist speaker
Received a deserving ovation.

As we reached the end of the first
 stretch,
Came the biggest night of all;
We traipsed without dates to the
 Gold Room,
For the long-awaited Junior Ball.

After working like dogs all summer,
Or else taking life at ease,
We mournfully trudged to Beacon
 Street
Hoping Mr. S'd lost the keys.

They told us we'd better practice
 more,
And improve our typing speed;
In law we studied assets rare,
And learned the tricks of a deed.

We got a preview of Christmas cheer,
At our well-attended hop;
And around her parents many a girl
Was heard a hint to drop.

There was a sad side to that fortnight
 vacation
For we knew what would greet our return;
For midyears we studied, our eyesight
 grew dim,
But there was just too much to learn.

The Heart Fund called for volunteers,
To help out at the Garden's Ice Show;
The Globetrotters we saw from Seventh
 Heaven,
And then trudged home through blinding
 snow.

The school was a scene of activity--
Most every girl's mother was there;
They enjoyed the good entertainment,
And ate the scrumptious fare.

The final week started off with a
 bang--
Class Day--the first event.
And when we thought of bidding
 good-bye,
Our little black hearts were rent.

We saved ourselves for the gala night,
The food was served in style;
We heard the will and prophecy
As we reached our final mile.

The school turned out in full regalia,
For the height of the social year;
The band was swell, the night was gay,
A farewell to friends so dear.

We never thought we'd see the day,
When we'd enter the business field;
But when June 8 fin'lly did arrive,
We were sorry to lose our Shield.
